A Great Treasure of Blessings

An Inspiring Collection of the Most Loved and Powerful Prayers to Guru Rinpoche

This collection of prayers to Guru Rinpoche, accompanied by his life story, is being reissued to celebrate the Fire Monkey Year of the Tibetan calendar (2016-17).

The monkey year occupies a special place in the spiritual life and the hearts of the Tibetan people, as it is especially sacred to Guru Padmasambhava.

The prayers contained in this book include many that have been recited by some of the greatest masters, for example, Kyabjé Dilgo Khyentsé Rinpoche, in their daily practice. They carry the blessing of being the vajra words of either Guru Rinpoche himself, or the extraordinary masters who have been emanations of him or his closest disciples, and who serve as his representatives in this world.
